- Dimensions (cm) - H81.5 x W59.8 x D55 - [Learn more](#)

Product Overview

With its brilliant features, this integrated Bosch dishwasher with a silver control panel makes a welcome addition to any home. With space for 14 place settings, it's ideal for medium-sized households, and the really efficient A++ energy rating means it's economical too. The handy InfoLight projects a small beam onto the floor when a programme is running, and turns off when it's finished, so you know when it's time to unload. This feature is useful as the dishwasher runs really quietly, thanks to the ecoSilence Drive. This has fewer moving parts to make it whisper-quiet – perfect for open plan living.

Key Information
