

- 13 place settings - great for medium-sized households
- Washes your dishes up to 66% faster
- Auto programme adapts setting to save time and energy
- Adjustable shelves for larger pots and pans
- Dimensions (cm) - H84.5 x W60 x D60

With lots of clever features, this Siemens dishwasher gives dinnerware a brilliant clean. It can wash 13 place settings at once, making it ideal for medium-sized households. When you need clean plates quickly, the varioSpeed Plus option increases the intensity of the wash, giving incredible results up to 66% faster than standard programmes. The auto programme makes it efficient too, as it adjusts the settings to suit each load, giving an incredible clean while saving time and energy. It also has varioFlex baskets, which let you adjust the racks to make room for bulky pots and pans.
