Make even the most complex meals simple to prepare

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

Because you've got better things to do than clean your hob!

Thanks to the ultra-smooth, homogenous surface of this ceramic hob, you can cook quickly, clean even faster – and then get out of the kitchen and on with your evening.

Get twice the cooking capacity with two oven cavities

Let's face it – in the kitchen, you don't always have the luxury of being able to do things one at a time. Luckily, with two oven cavities, you can easily bake and grill simultaneously – getting your meal onto the table much faster.
